Last-Rail™
Powder Coated Aluminum Railing
Air Craft Quality Aluminum
36" and 42" Heights
Standard or Wide Pickets
Glass Option
9 Standard Colors
7 WoodGrain Colours™

ADDITIONAL FEATURES

Fireproof!

Limited Lifetime Warranty: Transferable – Instant equity to the value of the home.

WoodGrain Colours™: Look of wood without the hassle of maintenance. Not a surface film, but a powder coating with the wood grain design incorporated through and through.

Installation a Breeze: Self-spacing planks, self-tapping screws. Reduces labor costs by up to 75%.

Lightweight: Planks are roughly one pound per lineal foot. A 20' plank weights about 20 pounds.

Slip Resistant: Planks have a textured powder coating and also have a built in rib detail.

Dissipates Heat: Aluminum dissipates heat faster than wood, composite or concrete.

Maintenance: No special maintenance! Simply spray the deck with water.

COMPONENTS

Last-Deck® Components

PLANKING	**S100: 12' , 14', 16', 18', 20'** **S200: 12' , 14', 16', 18', 20', 22', 24'**
